

Congratulations on getting your very own magical fairy door! This is not an ordinary door, but a magical door between your house and Fairyland!

Before you can invite fairies into your home you need to first decorate the door with paint, markers and lots of love! Then, with the help of your parents, find a special spot to hang your door. Please remember, once the door is up you are **not** to touch it, or it will lose its magic. If for any reason you need to move the door, please leave a letter detailing your request outside the door and we will have our moving fairies assist you.

Your magical fairy door also includes a very special Wishing Stone. When you want to make a special wish, hold the stone tight, close your eyes and make your wish. The Wishing Stone also helps when you have worries! Just hold it tight, close your eyes and put your worries in the stone. Every night put your Wishing Stone outside your fairy door and we'll be by to take your wishes and worries to Fairyland!

Fairies love getting mail, and though we try to respond as soon as possible, we get thousands of letters a night, so our responses may take a few days. Remember, fairies are all around you, we love flowers, trees and plants, so look close next time you're outside and you may just see some magic!

Congratulations!  
We look forward to meeting you!

Sincerely,

*Aurora Luna*

*President of Fairyland*
